155 N. Michigan Ave. REQUIRED INSURANCE ADDENDUM TO LEASE AGREEMENT

This Addendum is attached to and becomes a part of the lease agreement ("Lease") executed by the undersigned ("Lessee", "you" or "your") dated on or about the date hereof with Millennium Park Living, Inc. ("Agent") as agent on behalf of the landlord/owner ("Lessor").

Resident acknowledges that Resident agreed to be personally liable for the full cost of any damage or loss caused by the action or inaction of Resident or its occupants, invitees, licensees or guests to the property of the Lessor at which the leased premises is located ("Property"). As such. for the duration of the Lease, including renewals and extensions thereof, Lessee is required to maintain and provide the following minimum required insurance coverage:

- $100,000 for each occurrence Limit of Liability for Lessee's legal liability for damage to Lessor's property for no less than the following causes of loss: fire, smoke, explosion, backup or overflow of sewer, drain or sump, water damage and falling objects ("Required Insurance").

Lessee is required to furnish Lessor with evidence of Required Insurance prior to occupancy of leased premises and at the time of each lease renewal period. Submit a copy of the Required Insurance entire policy through our web portal (https://www.ho4verify.com/resident_portal/pra) for review and approval. Such Required Insurance policy shall name Lessor and Agent as an additional interests and shall contain a waiver of subrogation in favor of such additional interests. Lessee may obtain Required Insurance or broader coverage from an insurance agent or insurance company of Lessee's choice. If Lessee furnishes evidence of such insurance and maintains the insurance for the duration of the Lease, then nothing more is required

If Lessee does not maintain Required Insurance, the insurance requirement of this Lease shall be automatically satisfied by enrollment of Lessee by Lessor, who then shall purchase such coverage through the Lessor's Legal Liability Insurance Policy ("LLIP"). The coverage provided under the LLIP will satisfy the Required Insurance coverage listed above. An amount equal to the total cost to the Lessor for the LLIP coverage shall be charged to Lessee by the Lessor as a recoverable expense under the Lease. Some important points of this coverage, which Lessee should understand are:

1. LLIP is designed to fulfill the insurance requirement of the Lease. Lessor is the Insured under the LLIP. This is single interest forced placed insurance. Lessee is not an Insured, Additional Insured or beneficiary under the LLIP. All loss payments are made to the Lessor.
2. LLIP coverage is NOT personal liability insurance or renters' insurance. LLIP does not cover the Lessee's personal property (contents), additional living expenses or liability arising out of bodily injury or property damage to any third party. If Lessee requires any of these coverages, then Lessee should contact an insurance agent or insurance company of Lessee's choice to obtain personal liability insurance or renter's insurance to protect Lessee's interests.
3. Coverage under the LLIP may be more expensive than the cost of Required Insurance obtainable by Lessee elsewhere. At any time, Lessee may contact an insurance agent or insurance company of their choice for insurance options which can be purchased by Lessor to satisfy the Required Insurance under this Lease.
4. If Lessee has purchased Renters Insurance and at any time allows such Renters Insurance to lapse in breach of the Lease Agreement, Lessor shall purchase Lessor Insurance through the LLIP without notice and add the total cost associated therewith to Lessee's monthly rent payment.
5. Licensed insurance agents may receive a commission on the LLIP.
6. The total cost to the Lessee for the Lessor obtaining LLIP shall be ten dollars ($10.00) per month per individual Tenant per Unit. This is an amount equal to the actual premium charge to the Lessor including any premium taxes and fees due to state governing bodies and also includes a four dollar ($4.00) administrative expense fee for the expense of processing monthly payments and administering this program. There is no other fees, cost or charge added to or included within this total cost.
7. In the event that loss or damage to Lessor's property exceeds the amount of Required Insurance, Lessee shall remain contractually liable to Lessor for such amount. In the event of liability to any other party for bodily injury or property damage, Lessee shall remain liable to such other party.
8. It shall be the Lessee's duty to notify Lessor of any subsequent purchase of Renters Insurance.

Note that Lessor may at any time, upon reasonable notice to Lessor, cancel the LLIP program and then Lessee shall be required to provide Required Insurance. Thereafter, if at any time Lessee does not have Required Insurance, Lessee is

in breach of the Lease and Lessor shall have, in addition to any other rights under the Lease, the right but not the obligation to purchase Required Insurance coverage protecting the sole interest of the Lessor and seek contractual reimbursement from the Lessee for all costs and expenses associated with such purchase. This may be referred to as "force placed insurance".

As used in this Addendum: "Lease" may be interchangeable with "Lease Agreement" or words or phrases of similar import; "Lessee" may be interchangeable with "Resident" or "Tenant" or words or phrases of similar import, and "Lessor" may be interchangeable with "Landlord" or "Owner" or words or phrases of similar import.

To the extent the terms of this ADDENDUM modify or conflict with any provisions of the Lease, including all prior addenda, these terms shall control. All other terms of the Lease, including all prior addenda, not modified by this ADDENDUM shall remain the same.

Lessor acknowledges that it has received from Lessor and has had the opportunity to review the summary statement regarding the Required Insurance.

IN WITNESS WHEREOF, the parties have executed this Addendum on the date first written above.

1. **Application and Acknowledgements**. Tenant covenants that all representations made by Tenant in their application for this Lease (the "Application") are incorporated into this Lease and made a part of it. Tenant covenants that all information contained in the Application is true and that this information was given as an inducement for Landlord to enter into this Lease, and therefore constitutes a material covenant. Pursuant to Tenant's authorization given in the Application for this Lease, Tenant acknowledges Landlord has obtained or will obtain Tenant's credit report and has made or will make inquiry into Tenant's credit history. Tenant acknowledges that it has received an executed copy of this Lease, and that this Lease contains the entire agreement of the parties with respect to the lease to Tenant of the Apartment.
2. **Tenant Inspection Prior to Occupancy; Building Code Violations.** Tenant has inspected the Apartment and all common areas of the property at which the Apartment is located (the "Building") and is satisfied with their general condition and appearance. Tenant acknowledges that there have been no representations, promises or other undertakings by Landlord, or any agent of Landlord, made to induce Tenant to enter into this Lease, except those expressly made in writing and contained in this Lease, relative to the repairs, decorating, additions to, or removal of any portion of the Apartment or of the property. Tenant further acknowledges that they have been shown, if requested and exists, any notice received from the local government during the twelve months prior to the date hereof concerning code violations, and any notices from any utility provider regarding termination of utility services.
3. **The Rent**. Tenant shall pay the Monthly Rent to Landlord or Landlord's agent on the first day of each month in advance at the Landlord's address stated above (or at such other address as Landlord may designate in writing). Monthly Rent, additional rent, amenities charges and any other costs or charges payable by Tenant under this Lease shall constitute "rent."
4. **Late Fee**. The Monthly Rent shall be automatically increased $10.00, plus 5% of the amount by which the Monthly Rent exceeds $500, as additional rent, if received by Landlord after the 5th of the month for which it is due.
5. **Returned Bank Items**. If any check or other bank instrument tendered for payment of any Tenant obligation hereunder is returned for insufficient funds, Tenant shall pay Landlord a $35.00 fee as additional rent to cover Landlord's administrative costs, and Landlord shall have the right to demand that any such returned item be replaced by a cashier's check or money order. If Tenant tenders one or more checks or bank drafts during the Lease Term which are returned for insufficient funds, Landlord shall also have the right to demand that all future obligations hereunder be paid by cashier's check or money order.
6. **Possession**. Landlord shall deliver possession of the Apartment to Tenant on the Possession Commencement set forth above. If Landlord is unable to deliver possession on such date, however, this Lease shall remain in full force and effect and Landlord may at its election substitute another Apartment (the "Substitute Apartment") within the Building of similar size and quality if available for the Apartment designated in this Lease. If there is no Substitute Apartment available on the Possession Commencement , then this Lease shall remain in full force and effect with the original Apartment; provided, however, if Landlord's failure to deliver possession extends beyond ten (10) days from the Possession Commencement, then either Landlord or Tenant may terminate this Lease upon three (3) day's written notice. In the event of Landlord's failure to deliver possession at the Possession Commencement, Monthly Rent shall be abated until the date that either the Apartment or the Substitute Apartment is available to Tenant for possession. In no event shall Landlord be liable for any damages or consequential damages for its failure to deliver possession on the Possession Commencement. Late delivery of possession of the Apartment or Substitute Apartment to Tenant shall not be deemed to extend the Possession Termination as set forth above. The Possession Termination shall also serve as the termination date of the Lease.
7. **Use of Apartment**. The Apartment shall be occupied exclusively for residential purposes by Tenant and other persons specifically listed in the Application, and any children who may be born to or in the legal custody of Tenant during the Lease Term, and no other persons. Unless agreed to in writing by Landlord, no person not listed in the Application may occupy the Apartment for more than a single two-week period, during any single year of the Lease Term. Neither Tenant nor any person in legal occupancy of the Apartment with Tenant shall perform any act nor permit any practice which could cause damage to the reputation of the Building or Landlord, be injurious thereto or to any person, be illegal, immoral, or increase the rate of insurance on the property. Notwithstanding anything in this Lease to the contrary, at no time during the Term of this Lease shall more persons reside in the Apartment than would be permitted by the applicable building and/or zoning codes for the local government. Tenant assumes full responsibility for all guests, licensees, invitees, or occupants (collectively "Tenant Party") in Tenant's Apartment. In the event that any such Tenant Party is deemed disruptive or undesirable to the Building, its operations, reputation or security, Landlord may require that Tenant cause such guest to immediately leave the Apartment and the Building. Landlord shall have the further right to permanently bar any Tenant Party upon written demand. Any person remaining on the premises in contravention of this section will be deemed a trespasser, and shall be subject to removal and arrest. In the event that Tenant fails to cooperate with Landlord's efforts to remove or bar any person as aforesaid, such failure shall constitute a material breach of this Lease. Tenant or any Tenant Party may not anywhere in the apartment use candles or use kerosene lamps; cook on balconies or outside; or solicit business or contributions. Tenant or any Tenant Party may not conduct kind of business (including child care services) in the apartment, except that any lawful business conducted "at home" by computer, mail, or telephone is permissible if customers, clients, patients, or other business associates do not come to the apartment for business purposes. Landlord may regulate: (1) the use of patios, balconies, and porches; (2) the conduct of furniture movers and delivery persons; and (3) recreational activities in common areas.
8. **Tenant Maintenance Obligations**. Tenant shall maintain the Apartment in a clean, presentable, and safe condition at all times and in accordance with all health, safety, and building code regulations. In addition, Tenant shall maintain all fixtures and appliances at Tenant's sole cost and expense, except for those items which are specifically designated as Landlord's responsibilities under the law. At the termination of this Lease and upon surrender of the Apartment, all fixtures, appliances, and personal property of Landlord shall be in the

same condition as they were at the Lease Commencement, normal wear and tear excepted. Landlord may bill Tenant to repair/replace any damage to Landlord's property caused by the willful act or negligence of Tenant or any Tenant Party. Failure to pay for these charges will result in Tenant's account being forwarded to Landlord's collection attorney. Tenant agrees not to alter, damage, or remove Landlord's property, including alarm systems, smoke detectors, carbon monoxide detectors, radon detectors, furniture, telephone and cable TV wiring, screens, locks, and access control devices. On the date of Possession Commencement, Landlord will supply light bulbs for Landlord's fixtures; after that it shall be Tenant's responsibility to replace the lightbulbs at Tenant's expense with bulbs of the same type and wattage. On the date of the Possession Termination, Tenant shall thoroughly clean the Apartment, including doors, windows, furniture, bathrooms, kitchen appliances, patios, balconies, and storage rooms. In the event Tenant fails to adequately clean, Tenant shall be liable for reasonable cleaning charges.

9. **Sublease and Assignment**. Tenant shall neither sublease nor assign this Lease without the prior written consent of Landlord, which shall not be unreasonably withheld. Tenant shall inform Landlord in writing in the event that it chooses to sublet the Apartment. Landlord shall not be required to take any actions toward subletting the Apartment without written request by the Tenant. To the extent allowed by law, Landlord may charge a subletting fee. If Tenant elects to cancel its election to sublet the Apartment, such cancellation shall be in writing. In the event that Tenant fails to inform Landlord in writing to cancel its election to sublet the Apartment, Landlord shall continue to process any sublet application that has been submitted as a result of Tenant′s written authorization as set forth herein. Landlord may require Tenant and any subtenant or assignee to enter into a consent agreement and/or other reasonable documentation, in form and substance acceptable to Landlord, setting forth the obligations of Tenant and such assignee or subtenant under this Lease for the balance of the Term. In no event shall any sublease or assignment of this Lease release or be construed to release Tenant from the Tenant's obligation hereunder (whether Landlord shall consent thereto or not), until (a) the Possession Termination and (b) the full performance and satisfaction of each and every agreement, covenant and obligation of Tenant to be performed hereunder. Without limitation of the foregoing, Tenant shall be liable for any monetary and non-monetary breaches of this Lease caused by Tenant's subtenant or assignee. Also, Tenant shall be liable to Landlord for two months' rent as liquidated damages in the event that any unauthorized occupant or subtenant uses or occupies the Apartment without proper written approval of Landlord. Landlord, in addition to liquidated damages hereunder, shall be entitled to recover all actual damages from Tenant resulting from Tenant's breach of this provision.
10. **No Alterations**. Tenant shall not make or cause to be made any alteration or addition to the Apartment without the prior written consent of the Landlord, and shall under no circumstances install any additional lock or security device to the Apartment or the property which could impair Landlord's access.
11. **Right of Access**. Landlord shall have access to the Apartment to inspect the same, make necessary repairs and for other reasonable purposes with reasonable verbal notice to Tenant. In the case of emergency repairs where failure to make same could cause damage or destruction to the property or injury to any occupant or other person, or where entry must be obtained by practical necessity, Landlord shall have immediate right of entry.
12. **Right of Access to Show Apartment to Prospective Tenants, Lenders and Purchasers**. Landlord shall have the right to show the Apartment to all prospective tenants, lenders and purchasers, and any of Landlord's invitees, in accordance with applicable law. Tenant shall be liable for any damages caused to Landlord for failure to cooperate under this provision. Tenant shall not interfere with Landlord's efforts to lease the Apartment or sell the property, and Tenant shall be liable for any damages caused by breach of this provision.
13. **Holding Over.** Tenant shall surrender possession of the Apartment and return the keys to the Landlord or Landlord's agent, immediately upon expiration of this Lease, or upon earlier termination due to Tenant's breach or otherwise. Tenant shall be liable for double the amount of the Monthly Rent in the event that Tenant or any Tenant Party, retains possession of all or any part of the Apartment after the Possession Termination, and in addition Tenant shall be liable for all damages sustained by Landlord, plus costs, and reasonable attorneys' fees as allowed by court rules, statutes, or ordinances. Landlord may at its sole option, upon written notice to Tenant, create a month-to-month tenancy between Landlord and Tenant under the same terms and conditions of this Lease, but shall have no obligation to do so, nor shall any holding over be construed as such, and nothing herein shall be construed as diminishing Landlord's rights to obtain possession at the conclusion of the Lease Term.
14. **Heat and Water**. If heat is included in the Monthly Rent, as noted on the front page of this Lease, Landlord will provide heat at no additional cost to the Tenant at a level prescribed by statute or local ordinance. Water in reasonable quantities, strictly for residential use, is also included in the Monthly Rent.
15. **Abandonment**. The Apartment shall be deemed abandoned when the criteria set forth in the local Residential Landlord/Tenant ordinance have been met, and Landlord shall have the right to relet the Apartment and dispose of Tenant's possessions in the manner prescribed by law.
16. **Notices**. Except when notice or demand is required by state law or local ordinance, Tenant waives any notice and demand for performance from Landlord if Tenant defaults. Written or electronic notice to or from Landlord's employees or agents constitutes notice to or from Landlord. Any person giving a notice under this Lease should retain a copy of the memo, letter or email that was given. Electronic signatures are binding. All notices must be signed.
17. **Casualty Loss**. Landlord is not liable to Tenant or any Tenant Party for personal injury or damage or loss of personal property from any cause, including but not limited to: fire, smoke, rain, flood, water and pipe leaks, hail, ice, snow, lightning, wind, explosions, interruption of utilities, theft, or vandalism unless otherwise required by law. Landlord has no duty to remove any ice, sleet, or snow but may remove any amount with or without notice. During freezing weather, Tenant must ensure the temperature in the Apartment is sufficient to make sure

the pipes do not freeze. If the pipes freeze or any other damage is caused by Tenant's failure to properly maintain the heat in the Apartment, Tenant shall be liable for damage to Landlord and other's property.

18. **Tenant's Personal Property**. Except as provided by applicable law, Landlord shall not be responsible for the loss of any of the Tenant's personal property in the Apartment or any part of the Building. Tenant shall obtain insurance sufficient to cover all potential losses to personal property or injuries due to theft, fire, water damage, pipe leaks and the like. Failure to maintain such insurance may be an incurable breach of this Lease and may result in the termination of Tenant's tenancy and eviction and/or any other remedies as provided by this Lease, local ordinance or state law. Landlord does not maintain insurance to cover Tenant's personal property or personal injury. Landlord is not responsible to any Tenant or any Tenant Party for damage or loss of personal property or personal injury from (including but not limited to) fire, smoke, rain, flood, water and pipe leaks, hail, snow, lightning, wind, explosions, earthquake, interruption of utilities, theft, hurricane, negligence of other residents, occupants, or invited/uninvited guests or vandalism unless otherwise required by law.
19. **Landlord's Title**. Tenant shall commit no act which could in any way encumber Landlord's title to the property of which the Apartment forms a part. In the event that Tenant does create any encumbrance against the title, it shall be cured within five days after demand by Landlord, and the failure of Tenant to timely do so shall constitute a material breach of this Lease. Tenant shall be liable to Landlord for all costs, damages, and reasonable attorneys' fees incurred by Landlord as a result of any breach of this provision by Tenant or anyone claiming by, through or under Tenant to the full extent permitted by law.
20. **Legal Expenses.** Tenant shall be liable for all reasonable attorneys' fees and costs incurred by Landlord as a result of Landlord's efforts to enforce any provision of this Lease, to the full extent permitted by law.
21. **Litigation Escrow.** In the event that Tenant withholds rent in excess of that allowed by statutes or local ordinance, and Landlord institutes a lawsuit in forcible entry and detainer to regain possession of the Apartment, or in contract to enforce any provision of this Lease, Tenant shall place such excess rent with the Clerk of the Circuit Court, pending disposition of the lawsuit.
22. **Subordination of Lease/Estoppel**. This Lease is and shall be without necessity of any further action of the parties' subordinate to all mortgages upon the property of which the Apartment forms a part, either in place at the time of Lease execution, or which may be placed upon the property at any time during the Term of this Lease. However, Tenant shall at any time and from time to time as requested by Landlord execute such instruments as Landlord or any mortgagee may require in order to effect or evidence such subordination. In addition, Tenant shall from time to time execute any estoppel letter or certification requested certifying to Landlord or any mortgage lender or purchaser of the property that this Lease is in full force and effect and the status of the Lease.
23. **Eminent Domain**. If all or part of the Apartment or the property of which the Apartment forms a part is condemned, appropriated, taken or otherwise regulated by any governmental authority in a manner which would prevent lawful occupancy, or is sold in lieu of such contemplated governmental action, this Lease shall be terminated as of the date of such taking.
24. **Heirs and Assigns**. All of the promises, covenants and agreements and conditions contained herein shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors, and assigns of Landlord and Tenant.
25. **Time of the Essence**. Time is of the essence for the payment of rent and the performance of each and every covenant, term, agreement, and condition of this Lease to be performed by Tenant, and Tenant shall be held in strict compliance with same.
26. **Utilities. A) Meters:** Tenant agrees to transfer electrical and/or natural gas service to an individual account in Tenant's name immediately after the Possession Commencement. In the event Tenant fails to transfer the utility services, Tenant shall pay Landlord a $35.00 fee per month as additional rent to cover Landlord's administrative costs. As noted on the front page of this Lease, electrical and/or natural gas service may be individually metered to Tenant's Apartment, and, in such case, Tenant shall be directly responsible to the utility for all charges incurred for electrical and/or natural gas services. Tenant further agrees to be solely responsible for any charges incurred for electrical and/or natural gas services between the Possession Commencement and the date on which Tenant transfers utility services into Tenant's name. Any amounts directly billed to Landlord for services incurred following the Possession Commencement shall be Tenant's sole responsibility. Tenant agrees to pay Landlord immediately, as additional rent, any amounts Landlord pays to any utility for utility services for the Apartment following the Possession Commencement. Tenant agrees that time is of the essence as to all obligations under this Paragraph. **B) Billing:** Should the Apartment not be individually metered for utility services, Landlord may contract with a third party to bill Tenant its' approximate pro-rata share for electricity, gas, and water services. Tenant understands and agrees that any charges billed to Tenant for such utility services shall be due and payable as additional rent under the Lease.
27. **Landlord's Remedies**. In the event of any breach or default of this Lease by Tenant, all rights and remedies granted to Landlord hereunder or at law and in equity shall be deemed distinct, separate and cumulative; and the exercise of one or more thereof shall not waive, extinguish or preclude the exercise of any other right or remedy, unless same is specifically prohibited by court rules, statute or local ordinance. Tenant shall be required to comply strictly with all provisions, covenants, and agreements hereunder, and no waiver shall be implied from Landlord's failure to exercise any of its rights or remedies, nor shall any explicit waiver in any one instance be deemed a further waiver as to any subsequent breach or default by Tenant.
28. **No Additional Energy Draining Devices**. Tenant is prohibited from installing any appliance or device to draw electricity, gas, or any other form of energy from any part of the property other than the Apartment. Tenant shall not install or use in the Apartment any devices which are not deemed ordinary household appliances, or that consume amounts of energy in excess of amounts that would be customary for an apartment such as the Apartment, or that would overload or exceed the capacity of the electrical wiring or system of the building.
29. **Storage**. Tenant shall not be entitled to store any of its property outside of the Apartment, except in a designated storage space ("Storage Space") specified in this Lease or by the Property Manager in writing. Tenant understands and specifically agrees that Landlord does not

represent that any storage space will be available for use by Tenant, and that Tenant has no right to the same under this Lease. In the event that Tenant shall be allowed to place any of its property in a Storage Space, it shall do so at its sole risk, and it is understood that Landlord shall have no liability therefor, except as and to the extent required by law. Further, as a condition of Tenant's use of any Storage Space Tenant agrees to abide by all special rules and regulations that Landlord may promulgate from time to time relative to Tenant's use of any Storage Space, and, without limitation, Tenant agrees that it shall not store any dangerous or illegal products or substances or any products or substances that might raise the insurance rates at the building.

30. **Parking.** If Tenant has contemporaneously with the execution of this Lease or hereafter during the Term of this Lease entered into a parking license agreement with Landlord to license from Landlord the use of one or more parking spaces (a "Parking License Agreement"), Tenant agrees that in the event of any default by Tenant (as licensee under such Parking License Agreement) at the election of Landlord (and not otherwise) any default of Tenant under such Parking License Agreement shall also constitute a default under this Lease.
31. **Joint and Several Liability**. All persons executing this Lease shall be jointly and severally liable for the performance of each and every agreement, covenant, condition and obligation hereunder. If any Tenant or any Tenant Party violates this Lease, all Tenants are considered to have violated the Lease. Landlord's requests and notices to any Tenant constitutes notice to all Tenants and occupants. Notices and requests from any Tenant constitutes notice from all Tenants. In eviction proceedings, each Tenant is considered the agent of all other Tenants in the Apartment for service of process.
32. **Courtesies**. Tenant understands and agrees that neither the property manager nor the Landlord are responsible for any items received or held as a courtesy to the Tenant. In consideration of Landlord extending this courtesy, Tenant hereby waives and releases Landlord, the Property Manager and their respective agents and employees to the full extent permitted by law from any liability for any loss, theft, or damage to items received by the management office or its employees or agents. Without limitation of the foregoing, Tenant acknowledges that Tenant understands and agrees that receipt of packages for Tenant is offered as a convenience to Tenant, and in no way assigns responsibility to Landlord, the management office or their respective employees or agents for any packages received on Tenant's behalf.
33. **Amenities**. Landlord may provide for use by Tenant certain Amenities (hereinafter described) from time to time at the Building in which the Apartment is located or at an adjacent building for use by tenants of the several buildings, but with no obligation to do so or to continue to do so in whole or in part (whether or not Landlord is doing so, in whole or in part, at the time of Tenant's Application or at the time the term of this Lease commences). Landlord may cease to provide any amenities at any time or from time to time without liability to Tenant therefor. Any such Amenities so provided by Landlord may be provided with or without additional charges, costs or fees therefor (whether on a per month, per use or other basis for such charges) in addition to rent under this Lease ("Amenities Charges"), in whole or in part, or included with this Lease from time to time as Landlord shall determine in its sole discretion from time to time. Any such Amenities so provided shall at all times be used by Tenant in accordance with all applicable federal and state laws, municipal ordinances, and governmental rules and regulations ("Laws"), and any and all special rules and regulations respecting such Amenities as may be posted, distributed or otherwise promulgated by Landlord from time to time ("Amenities Rules"). Any failure of Tenant to strictly abide by all applicable Laws and the Amenities Rules or to timely pay the Amenities Charges, if any, shall be a default of Tenant under this Lease for which Landlord may exercise any or all of its remedies as provided under this Lease or at law or in equity for such default, and/or Landlord may terminate Tenant's privileges to use the Amenity(ies) in question. "Amenities" may include, without either limitation or obligation, laundry facilities, vending rooms, exercise rooms or facilities, roof decks, swimming pools, cable television and internet access ("Internet Access"). Without limitation of any Amenities Rules or any other Rules and Regulations, or any other provision of this Lease including, without limitation, any waivers or indemnities, Tenant understands and agrees that to the full extent permitted by law, and except for the negligence of Landlord or its agents and employees, Tenant shall use any Amenities provided at its sole risk and shall be solely responsible for damage to property or injury to persons including, without limitation, Tenant and any Tenant Party. In addition, without limitation of any other indemnity provision set forth in this Lease, Tenant shall, to the full extent permitted by law and except for the negligence or willful act of Landlord or its agents or employees, indemnify and hold harmless Landlord, its managers, agents and employees from and against any and all loss, claims, demands, costs (including, without limitation, reasonable attorneys' fees), judgments, liabilities and expenses of every kind and nature that arise from or in connection with Tenant's use, or use by any Tenant Party, of any Amenities provided including, without limitation, any internet access. If Landlord chooses to reactive or reinstate any service or Amenities than a reactivation fee of $35.00 shall be due and owing by Tenant as additional rent.

34. **Porches and Stairwells.** All porches and stairwells appended, attached or appurtenant to the Apartment or the Building of which the Apartment is a part are for ingress and egress exclusively. At no time shall Tenant or any Tenant Party congregate or meet thereon or use the same for any other purpose. Balconies and porches are to be occupied by no more than three (3) persons at any one time, and shall not be used for storage, grilling or any other use.
35. **NO Security Deposit.** Landlord has taken no security deposit, and maintains no security deposit account.
36. **Rules and Regulations.** Tenant agrees that it shall, and that it shall cause any Tenant Party to, comply fully with each of the rules and regulations attached hereto and made a part hereof as such rules and regulations may be modified by Landlord from time to time, as well as such other reasonable rules and regulations as may be hereafter adopted by Landlord for the Building (collectively, the "Rules and Regulations").
37. **Tenant's Personal Property.** Except to the extent required by applicable law, Landlord shall not be responsible for the loss of or damages to any of the Tenant's personal property in the Apartment or any part of the Building. Tenant hereby acknowledges this and agrees to make no such claims for any losses or damages against Landlord, its owners, agents, or employees. Landlord does not maintain insurance to cover Tenant's personal property or personal injury. It is recommended that Tenant maintain insurance to cover Tenant's personal property or personal injury. Regardless of any personal property insurance or personal injury insurance maintained or not maintained by Tenant, Landlord is not responsible to any Tenant or any Tenant Party for any damage or loss of personal property or personal injury from (including but not limited to) fire, smoke, rain, flood, falling objects, water and pipe leaks, hail, snow, lightning, wind, explosions, earthquake, interruption of utilities, theft, hurricane, negligence of other residents, occupants, or invited/uninvited guests or vandalism unless otherwise required by law.
38. **Damages and Negligence.** Tenant shall be liable for any damage done to the Apartment or the Building as a result of Tenant's (or any Tenant Party's) direct act, negligence, or failure to inform Landlord of repairs necessary to prevent damage to the Apartment. As required in an addendum to this Lease, the terms and conditions of which addendum are incorporated by reference herein and made an integral part hereof, Tenant shall be enrolled in the tenant liability coverage program arranged by Landlord or Tenant shall obtain liability insurance providing at least $100,000 coverage for each occurrence. For Tenant liability amounts not covered by the damage waiver program or liability insurance, Tenant shall promptly reimburse Landlord for loss, damage, government fines, or cost of repairs or services in the Apartment due to a violation of this Lease, improper use, negligence, or intentional conduct by Tenant or any Tenant Party. Landlord may require payment at any time, including advance payment of repairs for which Tenant is liable. Delay in demanding sums owed by Tenant is not a waiver.
39. **Life Safety.** Tenant is responsible for the testing and maintenance of all life safety devices in the unit, including smoke detectors and carbon monoxide detectors. Tenant must notify Landlord immediately in the event there is a problem with any of these devices.
40. **Animals.** Unless otherwise provided under federal, state or local law, no animals (including mammals, reptiles, birds, fish, rodents and inspects) are allowed, even temporarily, anywhere in the Apartment or Building unless Landlord has authorized in writing. Tenant shall remove any illegal or unauthorized animal upon 24 hours' notice or Tenant shall be considered in default of this Lease. In the event Landlord approves an animal as a pet, Tenant must execute a separate animal addendum which may require additional fees or other charges. If Tenant or any Tenant Party violates any animals restrictions (with or without Tenant's knowledge), Tenant shall be subject to charges, damages, eviction and other remedies provided by this Lease. If an animal has been in the Apartment at any time during the Lease Term (with or without Tenant's consent), Landlord shall charge Tenant for defleaing, deodorizing and shampooing if Landlord deems it necessary.
41. **Ad Valorem Taxes/ Fees and Charges.** Unless otherwise prohibited by law, if, during the Lease Term, any locality, city, state, or Federal Government imposes upon Landlord, any fee, charge, or tax, which is related to or charged by the number of occupants, or by the Apartment itself, such that Landlord is charged a fee, charge, or tax, based upon Tenant's use or occupancy of the Apartment, Landlord may add this charge as additional rent, during the Lease Term, with thirty (30) days advance written notice to Tenant. After this written notice, the amount or approximate amount of the charge, will be included, Tenant agrees to pay, as additional rent, the amount of the charge, tax or fee imposed upon Landlord, as a result of Tenant's occupancy. These charges can include but are not limited to: any charge received for any zoning violation, sound, noise or litter charge; any charge under any nuisance or chronic nuisance type statute, 911 or other life safety, per person or per unit charge or tax and any utility bill unpaid by Tenant, which is then assessed to Landlord for payment.
42. **Crime or Emergency.** Tenant shall dial 911 or immediately call local medical emergency, fire, or police personnel in case of accident, fire, smoke, suspected criminal activity, or other emergency involving imminent harm. Tenant shall then contact Landlord. Unless otherwise provided by law, Landlord is not liable to Tenant or any Tenant Party for injury, damage, or loss to person or property caused by criminal conduct of other persons, including theft, burglary, assault, vandalism, or other crimes. Landlord is not responsible for obtaining criminal

history checks on any Tenants, Tenant Party or other contractors in the Building. If Tenant is affected by a crime, Tenant shall make a written report to Landlord and to the appropriate local law enforcement agency. Tenant shall also notify Landlord and furnish Landlord with the law-enforcement agency's incident report number upon request.

43. **Requests, Repairs and Malfunctions**. Tenant's requests for repairs, installations, services or security related matters must be submitted through either the Tenant portal or signed and in writing and delivered to Landlord. Oral requests do not constitute a written request. Landlord's compliance with responding to any oral requests regarding security or non-security matters doesn't waive the strict requirement for written notices under this Lease. Tenant shall promptly notify Landlord in writing of: water leaks; electrical problems; malfunctioning lights; broken or missing locks or latches; and other conditions that pose a hazard to the Apartment or Building; health or safety. Rent shall not abate in whole or in part unless authorized under Illinois law.
44. **First Month's Rent Payment and Possession**. Tenant agrees that the 1st month's rent due under this Lease shall be paid by Tenant on or before the Possession Commencement. Tenant agrees that should Tenant not pay in full rent due for the 1st month of the Term, Landlord shall have no obligation to deliver possession of the Apartment until such payment is made and all rents due under the Lease have been paid current. Additionally, if after execution of this Lease, Tenant fails to take possession of the Apartment, Tenant will continue to remain fully liable under this Lease until such time as Landlord receives rent payments pursuant to the terms of a reletting of the Apartment.
45. **Default.** Tenant shall be in default if Tenant or any Tenant Party violates any term of this Lease including but not limited to the following violations: (1) Failure to timely pay rent or other amounts due; (2) Delivery of possession prior to the Possession Termination and failure to pay rent through the Possession Termination; (3) Violation of the any section in this Lease, Rules and Regulations, fire, safety, health or criminal laws, regardless of whether or where arrest or conviction occurs; (5) Abandonment of the Apartment; (6) False or incorrect answers on the rental application; (7) Tenant's arrest, conviction or given deferred adjudication for felony offense involving actual or potential physical harm to a person, or involving possession, manufacture, or delivery of controlled substance, or drug paraphernalia or illegal sexual activity; (8) any illegal drugs, illegal weapons, or drug paraphernalia are found in the Apartment. If Tenant defaults due to non-payment of rent, Landlord may end Tenant's right to occupancy by issuing a five-day written notice to vacate. If Tenant defaults by breaching this Lease for reasons other than non-payment of rent, Landlord may end Tenant's right of occupancy by issuing a ten-day or thirty-day written notice to vacate, in accordance with applicable law. Notice may be served by: (1) personal delivery at the Apartment to Tenant or any occupant over 13 years old; (2) by certified or registered mail, returned receipt requested-the mailing of same shall constitute delivery; or (3) if no one answers the door, by posting a copy of the notice on the door of the Apartment. Termination of Tenant's possession rights or subsequent reletting shall not release Tenant from liability for future rent or other Lease obligations. After giving notice to vacate or after filing an eviction lawsuit, Landlord may still accept rent or other sums due; the filing or acceptance shall not waive or diminish Landlord's right of eviction, or any other contractual or statutory right. Accepting money at any time shall not waive Landlord's right to damages, or past or future or other sums.
46. **Acceleration**. All monthly rent for the rest of the Lease Term will be accelerated automatically without notice or demand (before or after acceleration) and will be immediately due and delinquent if, without Landlord's written consent: (1) Tenant delivers possession, or gives Landlord notice of intent to move out before Lease Term ends; and (2) Tenant has not paid all rent for the Lease Term. Such conduct is considered a default for which Landlord need not give Tenant notice. Remaining rent also will be accelerated if Tenant is judicially evicted or delivered possession upon Landlord's demand due to Tenant's default. Acceleration shall be subject to Landlord's mitigation obligations to the extent required by Illinois law.
47. **Employees and Agents of Landlord**. No employee, agent or company is personally liable for any of Landlord's contractual, statutory, or other obligations merely by virtue of acting on Landlord's behalf.
48. **Communication**. Tenant agrees Landlord or its agents may contact Tenant using any contact information relating to this Lease including any phone number (i) Tenant provided to Landlord (2) Tenant has contacted Landlord from, or (3) which Landlord obtained and through which Landlord reasonably believes Landlord can reach Tenant. Tenant agrees Landlord may use any means to contact them. This may include calls using an automatic telephone dialing system, artificial or prerecorded voice messages, text messages, mail, email and calls to phone or Vice over Internet Protocol service, or any other data or voice transmission technology. Tenant agrees to promptly notify Landlord if a change is made to any contact information. Tenant is responsible for any service provider charges as a result of such contact.
49. **Disclosure Rights.** If someone requests information on Tenant or Tenant's rental history for law-enforcement, governmental, or legal purposes, Landlord may provide it.
50. **Smoking**. All forms and use of lighted or burning tobacco or marijuana products and smoking of tobacco or marijuana products by any Tenant or Tenant Party inside the Apartment or Building is strictly prohibited. Any violation of the no-smoking policy shall be considered a default under this Lease. Tenant shall be responsible for payment of all costs and damages to the Apartment, other residents' apartment and/or the Building for repair, replacement or cleaning costs due to smoking or smoke related damage caused by Tenant or any Tenant Party. Tenant shall be responsible for payment of all lost rental income or other economic and financial damage or loss to Landlord due to smoking or smoke related damage caused by Tenant or any Tenant Party which results in or causes other residents to vacate their apartment, results in disruption of other residents' quiet enjoyment, or adversely affects other residents' or occupants' health, safety or welfare.

51. **No Warranty of a Smoke Free Environment**. Although the smoking of tobacco or marijuana products is prohibited in the Apartment and Building, there is no warranty or guaranty of any kind that the Apartment or Building is smoke free. Enforcement of Landlord's no-smoking policy is a joint responsibility which requires Tenant's cooperation reporting incidents or suspected violations of smoking. Tenant shall report violations of the no-smoking policy before Landlord is obligated to investigate and act and Tenant shall cooperate with Landlord in prosecution of such violations.
52. **Payments**. Payment of all sums is an independent covenant. At Landlord's option and without notice, Landlord may apply money received (other than utility payments subject to governmental regulations) first to any of Tenant's unpaid obligations, then to current rent, regardless of notations on checks or money orders and regardless of when the obligations arose. All sums, other than rent, are due upon demand. After the due date, Landlord does not have to accept the rent or any other payments, unless otherwise required by law.
53. **Severability**. In the event that any provision, paragraph, rule or covenant contained in this Lease is deemed invalid or unenforceable, all remaining portions of this Lease shall survive and be construed in their entirety.
54. **Cooperation.** Tenant shall cooperate and coordinate with Landlord and Landlord's pest control agents to treat and eliminate any confirmed or suspected infestation of bed bugs. Tenant shall follow all directions from Landlord to clean and treat the Apartment and Building that are infested. Tenant shall make any necessary preparations, such as cleaning, dusting or vacuuming, prior to treatment in accordance with the recommendations of the licensed pest control service that Landlord have provided. Unless otherwise prohibited by law, Tenant is responsible for and must, at Tenant's own expense, have Tenant's personal property, furniture, clothing, and possessions treated accordingly to accepted treatment methods established by a Landlord's licensed pest control professional. Tenant shall remove or destroy personal property that cannot be treated or cleaned as determined by Landlord's licensed pest control professional. Any items Tenant removes from the Apartment must be disposed of off-site in an enclosed plastic bag and not in the Building's trash receptacles. If Tenant fails to cooperate with Landlord, Tenant will be in default, and Landlord will have the right to terminate Tenant's right of occupancy and exercise all rights and remedies under the Lease. If Tenant fails to cooperate with Landlord, to the extent permitted by law Tenant will be liable to Landlord for damages caused including but not limited to a $75.00 fee incurred from Landlord's pest control professional.
55. **Sight Unseen Waiver.** In the event Tenant viewed the Apartment and/or the Building through a virtual tour only ("Sight Unseen"), the Tenant hereby acknowledges their acceptance of the general condition and appearance of the Apartment and the Building. Tenant understands and agrees that not having physically inspected the Apartment or the Building is not grounds for termination of the Lease. Tenant accepts the Apartment and the Building as-is and acknowledges that there have been no representations, promises or other undertakings by Landlord, or any agent of Landlord, made to induce Tenant to enter into this Lease, except those expressly made in writing and contained in this Lease, relative to the repairs, decorating, additions to, or removal of any portion of the Apartment or Building.

1. Request in writing that the landlord make repairs within 14 days, and if the landlord fails to do so the tenant may withhold an amount of rent that reasonably reflects the reduced value of the unit. Rent withholding begins from the 15th day until repairs are made; OR
2. Request in writing that the landlord make repairs within 14 days and if the landlord fails to do so the tenant may have the repairs made and deduct up to $500 or 1/2 of the month's rent without exceeding one month's rent. Repairs must be done in compliance with the Code and receipts must be provided to the landlord; and also
3. File suit against the landlord for damages and injunctive relief.

Major Defects

If the landlord fails to maintain the property in compliance with the Code, and the failure renders the premises not reasonably fit and habitable, the tenant may request in writing that the landlord make repairs within 14 days. If repairs are not made, the tenant may immediately terminate the lease and the landlord shall return all prepaid rent, security and interest recoverable by the tenant. If the tenant does not move out in 30 days then the tenant's notice is considered withdrawn.

*Failure to Provide Essential Services**

If, contrary to the lease, an essential service is not provided (heat, running or hot water, electricity, gas, or plumbing) and this is NOT due to a utility provider's failure, or if the landlord fails to maintain the building in material compliance with the Code, and the tenant or tenant's family or guests are not responsible for such failure, after giving written notice, the tenant may do ONE of the following:

1. Get the essential service restored and deduct the cost from the rent after giving the landlord paid receipts; OR
2. File a lawsuit against the landlord and recover damages based on the reduced value of the dwelling unit; OR
3. Get substitute housing and be excused from paying rent for the period that the tenant cannot stay in the rental unit, OR
4. Request that the landlord correct the failure within 24 hours and if the landlord fails to do so, withhold from the monthly rent an amount that reasonably reflects the reduced value of its premises.

*For more information, review the RLTO Ordinance.

Fire or Casualty Damage

If a fire damages the unit to an extent that it is in material noncompliance with the Code and the tenant, tenant's family or guests are not responsible for the fire or accident, the tenant may:

1. Move out immediately and provide written notice to the landlord of the intention to terminate the rental agreement within 14 days after moving out.
2. If legal, the tenant may stay in the unit but if they cannot use a portion of the unit because of damage, the rent may be reduced to reflect the reduced value of the unit.
3. If the tenant stays, and the landlord fails to diligently carry work to repair the rental unit, the tenant may notify the landlord, in writing, within 14 days after the tenant becomes aware that the work is not being diligently carried out, of the tenant's intention to terminate the rental agreement and move out.

LANDLORD REMEDIES*

WHAT HAPPENS IF A TENANT PAYS RENT LATE?

- If the tenant fails to pay rent on time, the landlord may charge a late fee of $10.00 per month on rents under $500 plus 5% per month on that part of the rent that exceeds $500.00 {MUN. CODE CH. 5-12-140 (H)}
- If the tenant fails to pay rent, the landlord, after giving five days written notice to the tenant, may terminate the rental agreement. However, the tenant may remain in the unit with a rental agreement in good standing if the tenant pays the full amount of back rent and landlord court filing fees before a judge issues an eviction order.
- If, however, the tenant uses this provision and later receives a second written notice of nonpayment, the tenant will have only five days to pay unpaid rent and will not have an opportunity to pay the back rent to ensure dismissal of the eviction action. {MUN. CODE CH. 5-12-130(a)}
  - If the landlord accepts the late rent , the landlord may not evict the tenant. {MUN. CODE CH. 5-12-130 (g)}
  - If the tenant fails to comply with the Code or the rental agreement, the landlord may give a written notice to the tenant of the specific acts or omissions that violated the code or rental agreement, and of the tenant's right to remedy the breach within 10 days. The landlord may terminate the rental agreement if tenant fails to correct the violation within the 10-day notice period. {MUN. CODE CH. 5-12-130 (b)}
  - If the tenant fails to comply with the Code or the rental agreement, the landlord may request in writing that the tenant comply as promptly as conditions permit in the case of emergency, or within 14 days. If the breach is not corrected in the specified period, the landlord may enter the dwelling unit and have the necessary work done. In this case, the tenant shall be responsible for all costs of repairs. {MUN. CODE CH. 5-12-130 (c)}

*For more information, review the RLTO Ordinance.

PROHIBITION ON RETALIATORY CONDUCT BY LANDLORD {MUN. CODE CH. 5-12-150}

A tenant has the right to complain or testify in good faith about their tenancy to governmental agencies or officials, police, media, community groups, tenant unions or the landlord. A tenant has the right to undertake any right or remedy provided by law without retaliation from the landlord. A landlord is prohibited from retaliating by terminating or threatening to terminate a tenancy, increasing rent, decreasing services, bringing, or threatening to bring an eviction action, or refusing to renew a lease agreement.

Bed bugs can be found in homes, apartments, hotels, schools, dormitories, shelters, offices and other places. This brochure provides information on bed bugs and what you should do if you have or suspect you have a bed bug infestation in your apartment. It also describes your rights and responsibilities as a tenant.

Why is this brochure being provided to me?

In 2013, the City of Chicago passed an ordinance to help address the growing problem of bed bugs. This ordinance provides that landlords and tenants share the responsibility in preventing and controlling bed bug infestations. Further, the ordinance requires that landlords provide an informational brochure on bed bugs to tenants. This informational brochure, developed by the Chicago Department of Public Health, is intended to meet this requirement.

What are bed bugs?

Bed bugs are small, flat, wingless insects. They feed on blood and can be a nuisance for individuals. They are named for their tendency to live on mattresses or other parts of a bed.

What do bed bugs look like?

Adult bed bugs are roughly the size, shape and color of an apple seed: 1/4 of an inch in length and light or reddish-brown in color. Immature forms of bed bugs are smaller and lighter in color. Eggs are tiny and white. You should be able to see the adult form with your naked eye, but may need a magnifying glass to see the immature forms or eggs. Please refer to the website listed at the end of this brochure for pictures of bed bugs.

**Adult bed bug-actual size.*

Where do bed bugs live?

Bed bugs can be found anywhere people sleep, sit or lay down. They can be found on mattresses and box springs, especially near the piping, seams and tags, and in cracks and crevices of head boards and bed frames. They can also be found in other furniture, especially in the seams and zippers of chairs and couches, in the folds of curtains, in drawer joints, in electrical outlets, behind picture frames and in other tight spaces.

How can bed bugs get into an apartment?

Bed bugs can get into an apartment by hitching a ride on mattresses or other bedding, furniture, clothing and baggage. Once in an apartment, they can crawl from one room to another, or get into an adjacent apartment by crawling through small cracks or holes in walls or ceilings or under doors. Because bed bugs do not have wings, they cannot fly into or around your apartment.

What can I do to prevent bed bugs from getting into my apartment?

Bed bugs can be found most anywhere, so ALWAYS be aware of your surroundings. Always check furniture and bedding, especially those bought secondhand, for signs of bed bugs before you buy them. NEVER bring items that someone else has disposed of into your apartment, as these items may be infested with bed bugs. When returning home from travel within or from outside the U.S., ALWAYS inspect your luggage carefully for signs of bed bugs before you bring the luggage into your apartment.

What else can I do to prevent a bed bug infestation?

Reduce clutter, especially in bedrooms. Store unused items in sealed containers or plastic bags. Wash and dry bedding often. Check beds and furniture for signs of bed bugs. Purchase mattress and box spring covers.

Do bed bugs transmit disease?

No, bed bugs are not known to transmit disease.

Are there other health concerns related to bed bugs?

Yes. Their bites, like those of other insects, may cause an allergic reaction with swelling, redness and itching. Their presence may cause people to be anxious and lose sleep.

How do I know if I have a bed bug infestation in my apartment?

Though bites may be an indicator of a bed bug infestation, they are generally a poor one as not all people will react to bed bug bites or the bites may be due to other reasons. The best indication of an infestation is to look for physical signs of bed bugs such as live or dead bed bugs, eggs or eggshells or tiny dark spots or reddish stains on mattresses or other places where bed bugs live.

What should I do if I suspect there are bed bugs in my apartment?

Under this ordinance, tenants MUST call their landlord immediately then follow-up in writing. Tenants SHOULD NOT try to get rid of the bed bugs by applying chemicals, “bug bombs” or pesticides as these do not work and could make you, your family or neighbors sick. Once a tenant has notified the landlord, wait for additional instructions from the landlord and pest management professional. Prompt notification and treatment will help prevent the further spread of bed bugs.

Should I dispose of bedding, clothing or other materials that may be infested?

Disposing of these items is probably not necessary unless directed by a pest management professional. If there are items that do need to be disposed of, do so carefully by sealing them in plastic bags so as to not spread bed bugs further. The ordinance prohibits the recycling of any bed bug infested materials and requires that any bed bug infested materials be totally enclosed in a plastic bag and labeled as being infested with bed bugs when disposed.

What should I do with any linens or clothes that may be infested?

- Wash all linen and other infested materials (including clothing) in hot water, then after drying the clothes, keep them in the dryer and dry for an additional 20 minutes on the highest setting.
- Put un-washable or “dry clean only” materials in the dryer on the highest setting for at least 20 minutes.
- If you have to launder in a common area of the building or at a laundromat, make sure all items are enclosed in a bag before leaving your apartment to prevent the further spread of bed bugs.
- Once all these materials are laundered and dried, seal them in clean bags so bed bugs can’t re-infest them.

What are my responsibilities as a tenant under this ordinance?

Tenants have two main responsibilities under this ordinance:

1)Notify your landlord within 5 days of suspecting a bed bug infestation;

2)Cooperate with the landlord by adhering to the following:

- Don’t interfere with an inspection or with a treatment.
- Grant access to your apartment for an inspection or a treatment.
- Make the necessary preparations, as instructed by your landlord or a pest management professional, prior to an inspection or a treatment.
- Dispose of any items that a pest management professional has determined can not be treated or cleaned.
- Enclose in a plastic bag any personal property that will be moved through any common area of the building, or stored in any other location.

Are there any exemptions to these tenant responsibilities?

Yes. The ordinance exempts tenants who live in an assisted living or shared housing establishment, or similar living arrangement, where the establishment is required to provide the tenant assistance with activities of daily living or mandatory services. In such cases, the landlord is responsible for making the necessary preparations and removing or disposing of any personal property.

What penalties can a tenant face for not complying with these requirements?
The ordinance allows the city to issue fines to tenants for not complying with these requirements. Fines can go as high as $2,000 for a third offense. Landlords can not fine tenants.

What are my rights as a tenant under this ordinance?
Landlords can't retaliate against a tenant if the tenant:
• Complains of a bed bug infestation to a governmental agency elected representative or public official charged with responsibility for enforcement of a building, housing, health or similar code.
• Complains of a bed bug infestation to a community organization or to the news-media.
• Seeks the assistance of a community organization or the news media to remedy a bed bug infestation.
• Asks the landlord to provide pest control measures.
• Testifies in court concerning any bed bug infestation.

What are my landlord's responsibilities under this ordinance?
Landlords have three main responsibilities under this ordinance:
1) Educate tenants about bed bugs by providing this brochure when tenants sign a new or renew an existing lease or other rental agreement.
2) Notify tenants prior to any inspection or treatment of their apartment for bed bugs and provide instructions for preparing the apartment.
3) Get rid of the bed bug infestation by providing pest control services by a pest management professional.

How much time does a landlord have to provide a pest management professional?
The ordinance allows landlords up to 10 days to have a pest management professional come to inspect your apartment.

Does the ordinance require any specific type of inspection or treatment?
If bed bugs are in an apartment, there is a chance they may be found in additional apartments in that same building, especially those closest to the apartment with the bed bugs. As a result, the apartments on either side and directly above and below the apartment with the bed bugs need to be inspected and if necessary, treated. Treatment will only occur if bed bugs are found.

Do these requirements apply to condominiums or cooperative building:
Yes, but only to units that are being rented.

What penalties can a landlord face for not complying with these requirements?
The ordinance allows the city to issue fines to landlords for not complying with these requirements. Fines can go as high as $2,000 for a third offense.

What should I do if my landlord is not responsive?
If you suspect there are bed bugs in your apartment, call your landlord immediately and follow-up in writing. Give your landlord up to 10 days to have a pest management professional come to inspect your apartment. If your landlord is not responsive, call 311 and file a complaint.

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- How lead affects health
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.
-

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right,* to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don’t try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at epa.gov/lead.
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children’s hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods high in iron, calcium, and vitamin C.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

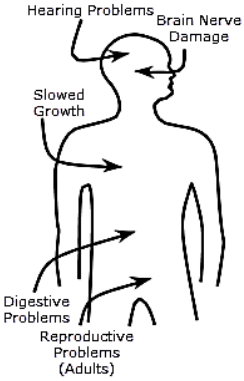
Document digitally signed using RENTCafe eSignature services. Document ID: 1214577

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention-deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage



While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including. seizures, unconsciousness, and in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.[1]

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.[2]

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at epa.gov/lead.

---

[1] "Lead-based paint" is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm), or more than 0.5% by weight.

[2] "Lead-containing paint" is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorating lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 10 micrograms per square foot ($\mu g/ft^2$) and higher for floors, including carpeted floors
- 100 $\mu g/ft^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Document digitally signed using RENTCafe eSignature services. Document ID: 1214577

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:
  - Portable x-ray fluorescence (XRF) machine
  - Lab tests of paint samples

- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:
  - Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
  - Sample dust near painted surfaces and sample bare soil in the yard
  - Get lab tests of paint, dust, and soil samples

- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.[3]

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children eat nutritious, low-fat meals high in iron, and calcium, such as spinach and dairy products. Children with good diets absorb less lead.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead–safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement professional. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 10 micrograms per square foot (µg/ft^2) for floors, including carpeted floors
- 100 µg/ft^2 for interior windows sills
- 400 µg/ft^2 for window troughs

Abatements are designed to permanently eliminate lead-based paint hazards. However, lead dust can be reintroduced into an abated area.

- Use a HEPA vacuum on all furniture and other items returned to the area, to reduce the potential for reintroducing lead dust.
- Regularly clean floors, window sills, troughs, and other hard surfaces with a damp cloth or sponge and a general all-purpose cleaner.

Please see page 9 for more information on steps you can take to protect your home after the abatement. For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 15 and 16), epa.gov/lead, or call 1-800-424-LEAD.

Renovating, Repairing or Painting a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
  - Open-flame burning or torching
  - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment
  - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects, visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right.*

Other Sources of Lead

Lead in Drinking Water

The most common sources of lead in drinking water are lead pipes, faucets, and fixtures.

Lead pipes are more likely to be found in older cities and homes built before 1986.

You can't smell or taste lead in drinking water.

To find out for certain if you have lead in drinking water, have your water tested.

Remember older homes with a private well can also have plumbing materials that contain lead.

Important Steps You Can Take to Reduce Lead in Drinking Water

- Use only cold water for drinking, cooking and making baby formula. Remember, boiling water does not remove lead from water.
- Before drinking, flush your home's pipes by running the tap, taking a shower, doing laundry, or doing a load of dishes.
- Regularly clean your faucet's screen (also known as an aerator).
- If you use a filter certified to remove lead, don't forget to read the directions to learn when to change the cartridge. Using a filter after it has expired can make it less effective at removing lead.

Contact your water company to determine if the pipe that connects your home to the water main (called a service line) is made from lead. Your area's water company can also provide information about the lead levels in your system's drinking water.

For more information about lead in drinking water, please contact EPA's Safe Drinking Water Hotline at 1-800-426-4791. If you have other questions about lead poisoning prevention, call 1-800 424-LEAD.*

Call your local health department or water company to find out about testing your water, or visit epa.gov/safewater for EPA's lead in drinking water information. Some states or utilities offer programs to pay for water testing for residents. Contact your state or local water company to learn more.

Other Sources of Lead, continued

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.[4]
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery or porcelain** may contain lead.
- Folk remedies, such as **"greta"** and **"azarcon,"** used to treat an upset stomach.

[4] In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint. In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products.

IMPORTANT!

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

Children under 6 years old are most at risk for lead poisoning in your home.

Lead exposure can harm young children and babies even before they are born.

Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.

Even children who seem healthy may have dangerous levels of lead in their bodies.

Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.

People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.

People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

155 N. Michigan Ave. INTERNET SERVICE USER AGREEMENT

Pursuant to the terms of this Internet Service User Agreement (the "Agreement"), I **DAVID VOYCHUK** ("Tenant(s)") voluntarily apply to use internet services (the "Internet Services") provided by Millennium Park Living, Inc. (the "Landlord") at the property commonly known as 155 N. Michigan Ave. (the "Building"). This Agreement, made between Millennium Park Living, Inc. and the above-named Tenants(s) is for Internet Services in the above-named unit and for no other purpose. Landlord and Tenant agree that the Internet Services to which Tenant is being granted access pursuant to the terms of this Agreement are to be used in conjunction with Tenant's lease of the Apartment 151 N. MICHIGAN AVE. #1818, CHICAGO, IL 60601. Tenant understands and agrees that any interruption of the Internet Services or the inability or failure of Landlord or any third party to provide the Internet Services shall create no right of setoff or claim against Landlord. Further, no such interruption or inability or failure extinguish any obligation of Tenant to pay rent or perform any other covenant under the Lease.

A) **Description of Service.** The subject Apartment shall be provided with an ethernet type connection or access to a Building wi-fi network with no warrant or guarantee of operational speed. Landlord's provision of Internet Services is subject to the availability and the operational limitations of Landlord's internet service carrier. Tenant understands and agrees that temporary interruptions of Internet Services may occur and that neither Landlord nor Supernova Networks, Inc. ("Supernova") is liable for any such interruptions. You further understand and agree that neither Landlord nor Supernova has control over third party networks that may be accessed in the course of use of Internet Services. Therefore, delays and disruptions of network transmissions are beyond the control of both Landlord and Supernova. Tenant will be supplied one local internet protocol ("IP") address through a dynamic host configuration protocol service. Any use of a switch or hub may result in suspension or termination of Internet Services if such a device creates a network problem or conflict with other tenants using the Internet Services. Landlord reserves the right to prohibit any additional simultaneous connections. This policy does not prohibit multiple network devices from connecting to the internet over the same network connection using Tenant supplied equipment such as a router or firewall.

B) **Term.** The term of this Agreement shall run contemporaneously with the Lease between Landlord and Tenant dated 06/11/2024 and any subsequent renewals or extensions thereof. Internet Services will be disconnected, without notice, as of 12:00 AM on the 6th of the month if any unpaid balance remains on Tenant's account for any obligations due Landlord. Termination of the Lease for any reason shall constitute termination of this Agreement effective on the date, and at the time, of such termination.

C) **Fees.** There is no installation or initial setup fees to activate Internet Services. If there is a violation of the Lease or this Agreement and service is disabled, there will be a $35 reactivation fee charged to Tenant. Payment of such fee will be necessary before the Internet Services will be turned back on. All charges, costs and fees for which Tenant may be liable pursuant to this Agreement shall be deemed additional rent under the Lease.

D) **Equipment & Software**. Tenant must provide all equipment, devices and software necessary to utilize Internet Services. Tenant is responsible for the compatibility of Tenant's hardware and software systems for use of the Internet Services.

E) **Acceptable Use Policy.** Tenant will not use Internet Services for any illegal or improper purposes including, but not being limited to:

a. Unauthorized access to or use of data, systems, or networks, including any attempt to probe, scan, or test the vulnerability of a system or network, relay communication through a resource, or to breach security or authentication measures without express authorization of the owner of the system or network.

b. Unauthorized monitoring of data or traffic on any network or system without express authorization of the owner or network.

c. Interference with service to any user, host, or network, including but not limited to: mail bombing, flooding, or denial of service attacks.

d. Forging the header of any transmitted information packet, email, or Usenet posting.

e. Modifying or tampering with any software, or configuration provided including but not limited to: routers, switches, access points, wireless gateways, security devices and configuration files.

f. Reselling or otherwise redistributing the Service.

g. Disrupting any aspect of the Service through any means.

h. Excessive use of bandwidth, that in Supernova's sole opinion, places an unusually large burden on the network or is deemed by Supernova to be above normal usage. Supernova has the right to impose limits on excessive bandwidth consumption via any means available to Supernova, including complete termination of service.

i. Assuming or assigning a IP address that was not allocated to the user by Supernova or its network - all Supernova Internet users must use DHCP assigned by the Service to acquire an IP address.

j. Running any type of server on Supernova's system that is intentionally used to disrupt other users of the Service or users of the Internet in general.

Violations of any of the above prohibited activities may result in termination of Internet Services and the Lease. Supernova and Landlord reserve the right to block any application or use of the internet that in any manner limits the usage or speed of connectivity for other tenants. Tenant may not use the Internet Services in any manner that is inconsistent with the terms of this Agreement.

F) **Attempts to Break Security.** Tenant understands and agrees that any attempt to break security or to access any Landlord routing or switching equipment will be considered a material breach of this Agreement, and such breach may result in termination of the Internet Services, the Lease and possible referral to law enforcement authorities. Unauthorized access to the Internet Services, restricted portions of the Internet Services or the computer facilities used to deliver the Internet Services is a breach of this Agreement whether or not such activities are a violation of applicable law. Further, Tenant is required to take adequate security measures to prohibit others from using Tenant's credentials to gain access to or use of the Internet Services, and Tenant must take prompt remedial measures upon the finding of or the receiving of any notice of breaches or potential breaches of security. Failure by Tenant to take reasonable measures to secure Tenant's access to the Internet Services will result in suspension of the Internet Services and cause Tenant to be subject to reactivation fees. Tenant shall be liable for any damages to Landlord's equipment, facilities, and systems caused by: (a) the negligent or willful acts or omissions of Tenant, or (b) the malfunction or failure of any equipment or facility provided by Tenant or its agents, employees or suppliers.
